RETIREMENT VILLAGE

Merivale Palazzo Apartments

Supported Living

Sophisticated and elegant, Palazzo Apartments offer the perfect combination of semi-independent living and privacy.

All one and two bedroom Palazzo Apartments feature:

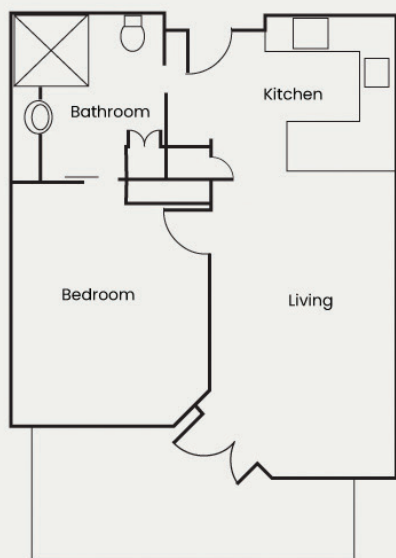

- Their own garden setting
- Easy access to social activities within the village
- Freedom from house and garden maintenance

Meal delivery to your apartment is also available.

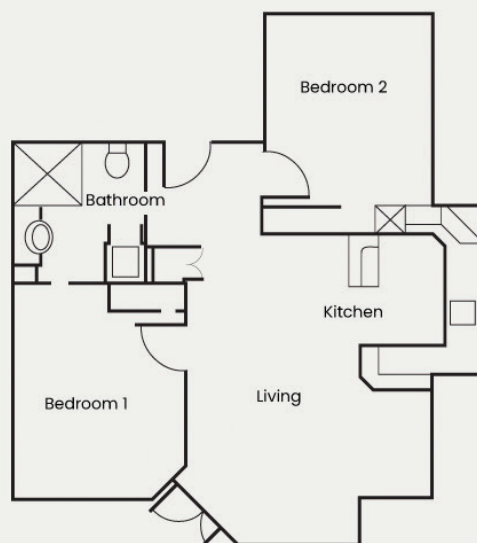

This a great solution for semi-independent individuals who require light assistance (e.g. with housework) but not necessarily help with personal care. It's also ideal for couples where one partner requires more assistance than the other.
